Lakeport, Cal. July 28-1914

Dear Mr. Muir

Today I received my Sunset Magazine for August. I found an article of special interest about you

I'm glad to know where you are. How comforting must be your cool, quiet, retreats away from the noisy senseless crowd!

I'm not going to take much of your precious time. I wish very much to know something about a plant. I will send a specimen this mail. I would like to know the name and also the Indian name if possible. They claim that it has a great medicinal value

I asked one old Indian woman about minty she replied. "I dunno! you ask some old Indian" I asked "How old are you?" She answered "I dunno, we don't care anything about that, we like plenty eat."

Yours with kind memories, Mary J. Arnold,
